A Warm
Welcome to...

Innovative and exciting, get ready to discover your next bestsellers for the upcoming season and beyond. All designed with the latest trends and consumer insights in mind to both inspire and drive demand.

Observations into consumer wants and needs from our buying and trend teams form the foundation of our 'Kitchen Tools and Tactics' trend. With innovative new products across our MasterClass, Copco and La Cafetière brands designed to inspire consumers with both design aesthetic and a problem solving approach to tasks. Whether that's preparing a meal with MasterClass smart tools, reducing food waste with MasterClass food storage or organising the kitchen with Copco storage solutions.

Our new innovations haven't only been reserved for the kitchen. Discover the heart of what we do across our serve and dine newness, with products that allow consumers to 'Unite and Share'. New BarCraft, Artesà and The Nutcracker collections are packed with products that are a pleasure to have around the home, with unique designs and distinct trend colours for real stand-out.

Plus, we've magicked up our seasonal bestsellers perfect for driving sales in the golden quarter.

Our new launches turn some of the challenges facing consumers into opportunities, as we continue to support with fresh thinking and products that delight.

So sit back, scroll through these pages, and get ready to be inspired.

The trends we're hitting hard

Kitchen Tools and Tactics

Consumers have formed strong habits in recent years and many will keep kitchen spaces at the heart of home living with a permanent shift towards home cooking and self-sufficiency, moving away from processed foods to scratch cooking. Time is of the essence again as our busy lives return.

What does this mean for you? Upgrading kitchen tools and tactics offerings is key. Products that save time, money or space will be top of mind.

Everything to hand

It's the simplest of designs that can make all the difference. This five piece measuring set from MasterClass, easy to stack and store, ensures all the tools are to hand. Simple changes to everyday items increases efficiency.

MCMCUP5PC Page 12.

Waste management

Sustainably minded consumers are keen to invest in solutions that keep waste out of landfills, from home composting to extending freshness.

copco basics

Everything has its place

For time-saving practices to succeed, an organised kitchen is essential. Reimagining items that are typically hidden with an aesthetically pleasing finish.

COP3TIERBAM Page 41.

LACAFETIÈRE

Traditional forms

Products that consumers have valued for years and use every day – performance and longevity is key. **Page 19.** Show consumers the value of these items with our printed point of sale and digital assets.

Share and Unite

Trends may come and go, but the ongoing themes of sharing and uniting remain resolute. The joy of people being together, and understanding how consumers share and experience the delights of food and drink together, is key.

Get the party started with the joy of sharing and on-trend art deco styling. **Page 36.**

Serving pieces that are staples in any hosts armoury. **Page 36.**

The at-home bar. In-demand wine and barware tools, gadgets and accessories, for every tippable of choice. **Page 34.**

Compact for storage but the right tools for the job with our new BarCraft accessories. **Page 34.**

Colour is Key

NEW London Pottery is inspired by 18th-century Chinoiserie paintings, and painted in modern bright, and joyous colourways to celebrate the joy of sharing a cuppa – whether everyday at home or as part of the ongoing afternoon tea trend.

Page 26.

The Nutcracker collection – simply a wonderful collection to bring joy to gatherings at home. New characters and pastel colourways perfect for gifting, Christmas and beyond.

Page 45-46.

**NEW
CHARACTER**

Staying green!

If there's one thing that unites us all it's that sustainability is here to stay. We don't underestimate the impact this has on a customer's buying decision. Our latest innovations for a better tomorrow.

Waste not, want not. Made from recycled plastic bottles, MasterClass Eco Snap is the antidote to food waste.

Page 18.

With naturally non-scratch coconut fibre bristles and a handle made from fast growing bamboo, this Natural Elements eco cleaning set is sustainable and durable.

Page 43.

How you're helping Sustainability

Together we can do something wonderful. It is our great pleasure to have partnered with Earthly, a science-backed carbon removal solution, to invest in the fight against climate change.

Naturally, our number one goal is to reduce our carbon footprint. We're balancing our carbon emissions through Earthly i.e. levelling out the carbon impact of our shipping operations.

Our contributions to Earthly support three climate-changing-reversing carbon busting projects.

Mangrove planting in Madagascar

This trail-blazing project run by Eden Reforestation Projects has reforestation and poverty alleviation at its heart. Mangroves pack some punch when it comes to carbon sequestration but also provide a whole load of other natural benefits such as storm surge protection and vital habitat for many species.

“Our contributions to Earthly support three climate-changing-reversing carbon busting projects.”

REDD+ Brazil Nut Concessions

This project has helped 405 families in the area by establishing initiatives that increase the value of the healthy forest as well as making sure their income from sustainable Brazil nut harvesting is maintained.

To date, they have planted over 334 million trees across 8 countries, created 3.3 million days of work for local communities and by 2025 they aim to plant 500 million trees each year.

Kasigau Corridor REDD+ Project

The Kasigau Corridor project is a REDD+ project based in Rukinga, Kenya. It protects an expanse of over 200,000 hectares of dryland Acacia-Commiphora forest home to over 2,000 elephants. The project also provides social programmes whose impact reaches over 116,000 people.

The project has created a market-driven solution to wildlife conservation through a community-led, community-based sustainable model that will continue to make an impact for many years.

London Pottery

Potty about tea!

We know how to make a better brew which is why our teapots are desired around the world. All with unique features such as drip free spouts, stainless steel filters and lids that are designed not to fall off when pouring. It sounds simple, but it makes us different. Discover the world and history of London Pottery with David Birch.

Reducing packaging impact

We have redesigned our packaging to replace colour boxes with a small sleeve. This creates great impact in-store, allowing the wonderfully collectable patterns to shine.

Each item will come packaged in an upgraded individual brown box, enabling customers to either take it away safely from store, or purchase online without any damages or additional packaging required.

The magic starts here

We've magicked up our seasonal bestsellers across our Cook, Serve and Enjoy categories. From cooking to serving to gifting, this curated product mix is perfect for driving sales in the golden quarter.

From our in-demand and on-trend brands and designed for show-stopping in-store displays, discover our secret to a magical Christmas here.

THE NUTCRACKER COLLECTION

By KitchenCraft

To please those who love more traditional colours at Christmas we are continuing the original red, green and blue colourway. These always add a whimsical elegance to Christmas celebrations, décor and gifting.
